This application must be accompanied by a simple statement, about 300 words, covering the following points:

1. The nature and character of your collection.
2. Your purpose in collecting books and the aim of your collection.
3. How and where your collection has been acquired and over what period of time.

Please append a list of the books in the collection, citing author, short-title, place and date of publication, type of binding, and condition. A full bibliographical listing is not required; the judges simply want an idea of the type and range of material in the collection.

**Selected collections will be examined in person by appointment before spring vacation.**

If a collection does not reside at Yale, the student should be prepared to show the judging committee the most significant portion of the collection.

Please include page numbers and your name on each page.

Please submit this application form, with your statement and short-title list, to the Office of the University Printer, 2 Whitney Avenue, Suite 203, or by e-mail to [rebecca.martz@yale.edu](mailto:rebecca.martz@yale.edu) by 5 pm on Thursday, 2 February 2017. The preferred submission method is e-mail.
